Phone: 203-365-8522 Ext 273

Fax: 203-365-8533

Email: pmanzi@kennedyctr.org

Upon receipt of your registration, we will send you a confirmation with information on how to connect to CRIS Radio.

Join us on CRIS Radio for a Teleconference Discussion on the Transportation Options available in Connecticut.

Each teleconference will focus on the transportation options in a specific region. These teleconferences will help you make the most of the public transportation services that are available to you!

You will learn about:

- What services are available in your region
- Informational resources
- Accessibility of vehicles
- How to qualify for reduced fare

These presentations are a cooperative effort between BRS BESB Program, The Kennedy Center, Inc. and CRIS Radio. "Public Transportation 101" is conducted with funding from the Federal New Freedom Initiative Program, awarded by the Locally Coordinated Human Services Transportation Plan Committee of North Central Connecticut.
